

CREATE A CRITTER FUN CARDS

Design by: [Althea](#) (4 Projects)

About me: I love color and anything that sparkles, designing my own clothes although I never went to a design school. I love creating almost anything but, I especially love designing and making greeting cards!

These are wonderful, fun, playful cards that are easy to make! Made with the Cricut "Create A Critter" cartridge the imagination is endless for all ages and genders. I think I cut that Giraffe in every color except black...lol! I have lots of great nieces and nephews and well, I've sent them so many hand-made cards that they now look out for them whenever it's their birthday or holiday!
