

SOUTHWEST CONTEST - REVERSIBLE HEADBAND

Design by: [Tennis15](#) (8 Projects)

About me: I got my first Cricut in 2007 and have been in love ever since! I would be lost without my Cricuts!!!

Project skill level: [advanced](#)

Project time: [1 hour to 2 hours](#)

[Friends](#) [Southwest](#)

I made this adorable reversible headband to wear! It is so cute and can be worn in four different ways!

CRICUT®: WHAT WAS USED

Cricut Expression® Machine with Plantin SchoolBook and Accent Essentials®

Cricut® Everyday Cartridge, Southwest

OTHER MATERIALS NEEDED

- Brown Fabric
- Teal Heat Transfer Vinyl
- Red Heat Transfer Vinyl
- Iron
- Brown Tulle
- Brown Heat Transfer Vinyl
- Aqua Heat Transfer Vinyl
- Light Red Heat Transfer Vinyl
- Sewing Machine

STEP 1

I started by sewing together a simple little headband using the brown material.

STEP 2

I then added my border designs from the Southwest cartridge using the heat transfer vinyl. I sized the borders to 1.25 inches tall and welded them if I needed a longer design. I ironed them onto the brown headband.

Flower Unattached

Without Flower

STEP 3

Next, I created a flower using brown tulle. I cut out the emblem that coordinated with the border at 1 inch in matching colors for each side of the headband as an additional accent!

Close Up of Blue Flower

Closeup of Red Flower

STEP 4

After complete, the headband is ready to wear! It can be worn in four different ways: blue side with flower, blue side without flower, red side with flower, or red side without flower! This is a very versatile accessory that can be used for many occasions!
