Welcome to Texas
A Submission to the Cricut Southwest Contest

Instruction for the two page "Welcome to Texas" layout

2 sheets of 12 x 12 background paper that you want to use.

Select the paper out that you want to use for each of the elements.

I would recommend that the paper you choose for cutting the Basic elements, such as the cactus and the snake, does NOT have a white core. Stick with solid core paper.

I double cut all of my cuts.
