Happy Easter! The basket, eggs and bunny were cut from Doodlecharms. The grass and bow were cut with Create-A-Critter. For the basket, after cutting it out, it was too plain so decided to weave the base of it. Just used two different colors of brown and weaved a big piece of it. Then placed the cut out basket on top of it and trimmed the weaved part to fit - think it turned out really neat and makes the basket pop! For the grass there are 2-3 different 'blades' and I just welded them together and then cut so it was one long continuous piece. Pop dotted the grass and bow for dimension. Love how this card turned out and hope you have a great Easter!
