25TH WEDDING ANNIVERSARY CARD

About me: I got my first Cricut in 2009 and love to create!

I used Creative Cards for the card base. I welded the "25" from the Sophisticated cartridge onto the front and backed it with silver metallic paper. The word "Celebrate" is also cut from Sophisticated at 1.5" and then I embossed it with Sterling embossing powder from Martha Stewart. The paper is from the "Gold-Silver Elegant" paper pad from Martha Stewart also.
