**Design by:** [suek86401](#) (9 Projects)

**About me:** I've been a crafter all of my life. The day I bought my Cricut Expression changed my life, I can spend hours and hours cutting, assembling and just plain having fun, "playing" with all of my toys.

**Project skill level:** [moderate](#)

**Project time:** [30 minutes to 1 hour](#)

**Project tags:** [Mother's Day](#) [Feminine](#) [Holiday](#)

Please pardon the little imperfections, I made this to enter an online challenge but the little boo boos I made won't win me any prizes.

#### STEP 1

Place card on mat, position font on front of card, cut both the card and font in one cut, save the font negatives. I cut the card at 5", the font at 0.8 of an inch with the letter spacing set at -1 and the slant at 3.

#### STEP 2

Embellish as desired, I added some pearls to my butterflies, a lady bug on one flower and added glazed dimensions to layer 2 of my flowers. I also added glazed dimensions to the font negatives after gluing the negatives to the card.
