PROJECT CUT FILES

 [Grad 2013.ccr](#)

STEP 1

Cut the card base in selected color saving the insides of the lettering as desired. You may use transfer paper if it makes this step easier for you. Fold in half at the scores.

STEP 2

Cut the inside base layer and adhere to the back of the front side of the card.

STEP 3

Optional: Cut the hat and diploma image in a 3rd color and pop dot them to the front of the card.

STEP 4

Embellish as desired.

STEP 5

The card can easily be changed up to reflect the graduate's school colors. Another way to "mix it up" is to pop a piece of colored cardstock behind the desired object/word to create focus. The art can even be enlarged to create a graduate decorative platter, framed art, or even door or wall art.
