My granddaughter will be 19 soon, here is her card. She tells me that she saves all of the cards that I send her because I send her the BEST cards. I used the Chalkboard Fonts, basic and basic shadow.

### STEP 1

Using Just Because Cards, cut at 5", score center fold and fold, chomp all corners.

### STEP 2

Cut font from Chalkboard Fonts, and at 1", assemble layers.

### STEP 3

Cut flowers and leaves. Using Cuttlebug and dotted folder, emboss all layers except for the leaves and flower center. Shape flowers, using the white Enamel Accents, put a white dot on every dot on black cuts, black Enamel Accents on the white cuts, except for the flower center.

## STEP 4

Shape leaves and add, "veins" with the Green Glazed Dimensions. (I did it freehand, if I was able to, anyone can.) When flower layers have dried, assemble the layers, using quilling pen and starting on the outside, curl up center and glue securely. When glue has dried, shape center by folding down and out. Add black Enamel Accent to center. Glue leaves and flower to front of card.
