I created this card using the Create a Critter and Celebrations cartridge. Added some Stickle for sparkle. Came out so cute.

CRICUT®: WHAT WAS USED

Cricut® Celebrations Cartridge

Create a Critter Cartridge

Cricut Expression® 2

OTHER MATERIALS NEEDED

Stickle

STEP 1

I used a premade scored white cardstock card and using scrapbook paper to cover the front. The just cut out the hip hip hooray from the Create a Critter Cartridge and the 16 from the Celebrations cartridge. I used Stickle on the front to give it some sparkle, and used rub on black letters for lettering. Then I typed out a personal message and adhered it to the top.
