Décor/Wreaths/Banners Gifts Vinyl

I created this floating frame for a keepsake wedding gift using the NEW Cricut vinyl and craftroom!

CRICUT®: WHAT WAS USED

Cricut® Songbird Cartridge

Classic Font Cartridge

OTHER MATERIALS NEEDED

Cricut Vinyl

Cricut transfer tape

STEP 1

I used Cricut Craft Room to design the lettering . I welded the names Jennifer and Doug , using the font Songbird! I then flipped the image and applied to the back side of the glass.

STEP 2

I then cut LESKO using the Classic Font and also reversed it using the flip feature in Craft room , then applied on top of the names Jennifer and Doug.

STEP 3

I then used a hot glue gun to secure the glass to the frame . No back is placed in the frame and that is what gives it the floating effect, If you want to you can cut a piece of cardstock as I did to place behind on an easel . Very Easy and a Beautiful keepsake !
