A CARD FOR MUM

Design by: JodiefromOz (7 Projects)
About me: I love making and giving handmade gifts, I just wish I had more time to play with my Cricut.
Project skill level: easy
Project time: 30 minutes to 1 hour
Project tags: Birthday Vintage Mother's Day Feminine Holiday Cards Cards Mom/Grandma

A pretty Easel Card I made for Mum this Mother's Day using pretty paper from My Mind's Eye along with pearls, lace, flowers and ribbon, giving it a little touch of vintage loveliness my Mum loves.
CRICUT®: WHAT WAS USED

Cricut® Base Camp Cartridge

Cricut Expression® Machine with Plantin SchoolBook and Accent Essentials®

Plantin SchoolBook Cartridge

OTHER MATERIALS NEEDED

plain color cardstock	design paper
flowers	pearls
lace	ribbon
glitter glue	sentiment stamps
double sided tape	Sewing machine

STEP 1

Cut Mum using Base Camp @ 2" or any of the other wonderful Cricut Font Cartridges.
I cut 10 of each letter to build height to give it a more dimensional look, keeping the main focus on Mum.
A great way to keep the letters aligned during the glueing stage, I used a couple of straight pins.

STEP 2

Easel Card. Cut a 12" x 12" piece of card stock in half giving you a 12" x 6" piece of cardstock.
Score and fold in half, this gives you a 6" x 6" card.
Then score just one side of the card down the middle, 3" in a mountain fold.

STEP 3

Cut another piece of cardstock 6" x 6". Embellish as you wish.
I stitched mine on the sewing machine, before attaching to the backing cardstock.
Then tape to the front of the card using double sided tape only on the lower half of the mountain fold.

This gives the card the appearance of an easel card.
On my Blog is a photo tutorial: http://jodiefromoz.blogspot.com.au/2010/02/happy-easter-easel-card.html
Hope you enjoy making this as much as I did.
