**About me:** I've always loved making things. I was so excited to get my cricut machine. The possibilities are endless, & i've barely scratched the surface!

A quick happy bday card for a friend using my new Cuttlebug! I tried to make a starburst out of glitter for the dot on the "i" but didn't turn out so well. I haven't used glitter since I was in elementary (and I think I probably did it better back then...).
