**About me:** I'm a stay-at-home Mother of 2 and a military wife. I really began crafting when we were stationed overseas to give me an outlet and a way to help support my family. Now I just can't stop crafting!!!

I decorated a large frame with vinyl with the names of a couple, the state (with the images from the state flag as well) they were married in, and the date they were married.

## CRICUT®: WHAT WAS USED

Cricut® 50 States  
Classmate™ Cartridge

Cricut Expression®  
Machine

## OTHER MATERIALS NEEDED

- Vinyl
- Ribbon
- Frame

### STEP 1

Measured the glass and decided the size fonts and images I needed to cut.

### STEP 2

Based on the frame dimensions I used the Cricut Craft Room to lay out my words and images to make sure they would all fit on the glass.

### STEP 3

I made sure that I cut the words and state from one color vinyl (navy blue), state flag images another (white), and then the heart in red.

## STEP 4

I layered the flag images and heart on the state image and then place the entire image onto the glass.

## STEP 5

I then worked my way from the center out using clear transferring tape to place the name and date on the frame.

\*Tip: It helps to lay the glass on a large cutting mat and use the grid lines to guide where you need to place the words/images\*
