Alice in Wonderland Cheshire Cat from the Disney Classic Cartridge. Iron On Lite Pink Glitter, black, white and gray. I had to use some iron on material I found on the internet in brown because Cricut does not make a brown iron on. First I cut out the cat at 6 inches, using the basic image and layers 1,2 and 3 using Cricut Craftroom software. Ironed first black image following the directions on the iron on lite package. Then the glitter pink layer followed with the appropriate layers. I can't wait for Cricut to come out with more colors of the iron on lite, it was easier to work with than the brown I used.

OTHER MATERIALS NEEDED

Cricut Iron On Lite

Cut out the Cat on the Disney Classic Cartridge at 6 inches using Cricut Craftroom. Using the directions on the Cricut Iron On Lite material. I then ironed the image layers to the shirt following the iron on directions, using a hot iron without any steam. The directions say you cannot add a layer on top of the glitter material but it worked fine for me. Love the effect of the glitter material. Left the pink showing thru from the fabric underneath!!
