VINYL BATHROOM DECOR

Design by: ScrapnPau (3 Projects)

About me: I work in the corporate jungle but really enjoy weekends when I can scrapbook, paper craft, sew and do other home decorating projects!

Project skill level: moderate

Project time: less than 30 minutes

Project tags: Home Décor/Accents Feminine Teen Vinyl

I added some purple vinyl to mirror and daughters bathroom vanity doors.

CRICUT®: WHAT WAS USED

Home Décor Cartridge

Lovely Floral Cartridge

Cricut Expression® Machine

OTHER MATERIALS NEEDED

purple vinyl

STEP 1

Mirror: design your sayings to fit width of mirror, cut, and place on mirror.
Vanity: Cut full design out, and then place the transfer tape on full design FIRST. Then to make sure you cut it perfectly centered, match up middle of the top and bottom of design, cut, and then you'll have a perfect straight edging to line up on the door of the vanity.
