CRICUT®: WHAT WAS USED

Cuttlebug® Machine -
New Design!

Cricut Cuttlebug™ 5" x
7" Embossing Folder &
Border, Circular Grid

OTHER MATERIALS NEEDED

- Cricut Craft Room® design software
- Tissue paper
- Twine
- Gray cardstock (1)

STEP 1

Create tassels by folding a sheet of tissue paper once lengthwise, and twice in half by width. Cut fringes up to two inches away from the length fold. Then cut along the width folds to create eight separate rectangles with a four inch solid center and fringed edges. Twist the solid centers and fold them over twine to create tassels.

STEP 2

Use paper trimmer to cut eight 1 1/4" x 4" pieces of gray cardstock. Use Cuttlebug® Circle Grid folder to emboss.

STEP 3

Group together tassels and secure them with tape near the twine. Use a hot glue gun to adhere embossed rectangle around the tape.

STEP 4

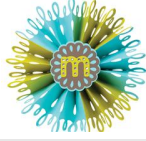

Embellish as desired.
