STEP 6

Using your hot glue gun, create a rounded L shape in the bottom corners. Pour a handful of crushed shells on the glue. Allow a couple of seconds for the glue to cool. Then, press the shells down into the glue so they really stick.

STEP 7

OPTIONAL: Steps 7-10 are for burlap wrap

Cut out oval shape from "Cricut Craft Room Basics" cartridge:
- tiffany blue cardstock @ 2.75"
- teal cardstock @ 3.25"

STEP 8

- 8a. Stamp wedding bells onto the tiffany blue oval with embossing ink.
- 8b. Sprinkle blue embossing powder over the ink and knock off any extra. Use a toothpick to scrape off small mistakes.
- 8c. Run a heat gun over the powder until it starts to melt.

STEP 9

Using adhesive squares, mount the tiffany blue oval you just embossed onto the teal oval.

STEP 10
