Three beautiful luminaries that have amazing intricate designs on the side panels and the word "Family" on one side and your last name on the other! They are 4 sided luminaries, but each panel was customized individually and welded together on my gypsy, cut out, then glued together. I filled the windows in with vellum for the "glass" look. I used flickering battery operated tea lights inside. They are a fun little gift that everyone loves.

CRICUT®: WHAT WAS USED
