GARGOYLES

Design by: [MelodyLane](#) (50 Projects)

About me: I love all my Cricuts and love creating things and sharing the cut files for Cricut Craft Room and making tutorial videos on most of my projects.

Project skill level: moderate

Project time: less than 30 minutes

Project tags: Home Décor/Accents Vintage Halloween Indie Retro Spiritual/Religious Party Decorations/Favors Masculine Holiday Décor Monochromatic

I made these Gargoyles from A Frightful Affair and the cut file also has mice and a Grim Reaper from same cartridge to save paper.

CRICUT®: WHAT WAS USED

Cricut Expression® 2

A Frightful Affair Cartridge

OTHER MATERIALS NEEDED

black foam adhesive

black cardstock

adhesive

off white ink pad

prism paper

PROJECT CUT FILES

[gargoyles n mice.ccr](#)

STEP 1

I have put it on the matt the biggest it will fit as one cut. To save paper I added mice and a grim reaper. Because I had to cut them out too. You can delete those if you do not want them. I give full directions in video. The bottom layer and the section with knees I did first. I adhered the feet flat to each other and then used black foam adhesive to pop up the shoulders and head.

STEP 2

The next layer was the arms and I used pop up adhesive, black, 1 layer at feet and 2 layers of foam at head and shoulders. Before you add the last head I taped prism paper behind the eyes with just scotch tape. I used 3 layers of black foam adhesive under head. I did make my own foam adhesive. You can also see it in its own video below.

foam adhesive video

STEP 3

I used Studio G off white ink and a foam brush to add the ink so it looks more like stone. Then used black ink to fix mistakes. lol Everything was cut out on black cardstock, Recollections. You can see it all in video.

Thanks for looking!
