This project is easy to create and can easily be altered to fit your artistic vision. Makes a great night light for kids!

## CRICUT®: WHAT WAS USED

Cricut® Storybook  
Cartridge

Cricut Expression®  
Machine

## OTHER MATERIALS NEEDED

black self adhesive vinyl

4 x 8 inches KraftyBlok

black organza ribbon

20-count indoor white light strand

### STEP 1

Choose desired name/word and then select font from cartridge.

### STEP 2

Type in word/name into machine, or use Cricut Craft Room.  
Make sure settings on machine are correct for vinyl cutting.  
Cut.

### STEP 3

Apply vinyl to glass block individually or use transfer paper to keep letters aligned.  
Carefully scrap/rub vinyl through the transfer tape to secure it.  
Slowly remove vinyl starting from any corner. If lettering rises, place transfer paper back down and re-scrape/rub.

## STEP 4

After lettering is on block, feed lights into block.

## STEP 5

Tie ribbon around block. Make a bow if desired.
