CRICUT®: WHAT WAS USED

Cricut® Winter Frolic
Cartridge

Cricut Expression®
Machine

OTHER MATERIALS NEEDED

6"x6" wooden plaque

Glitter paper

Tap-in sawtooth wall mount

Paint

Adhesive foam squares

Mod Podge

Silver ink pad

STEP 1

Using the phrases in the Winter Frolic Cart cut out "Let It Snow" sized to fit your plaque. Use the glitter paper for the contrasting letters.

STEP 2

Assemble the contrasting letters on the phrase and use the silver ink pad to add some depth to the "Let It" and the swirls under the phrase.

STEP 3

Paint the outside of the plaque and allow to dry. Mod podge on the background paper (I used a 6x6 piece so I didn't have to cut to size) and cover the entire plaque in mod podge to give it the satin finish. I used glitter paint around the outside to add some shine. Allow to dry. Hammer in the sawtooth wall mount.

STEP 4

Cut the adhesive foam squares to fit the back of the phrase so that the entire thing has support. I had to cut skinny little pieces to put on the back of the "Let It" and the bottom of the swirls. Then stick the phrase on the plaque, ensuring the wall mount you put on the plaque earlier is at the top, and enjoy!
