CRICUT®: WHAT WAS USED

Winter Frolic Cartridge

Cricut Expression® Machine

Teresa Collins December 25th Cartridge

OTHER MATERIALS NEEDED

Glitter paper

String or ribbon

STEP 1

Select your favorite Cricut font and use the text box in Craft Room to spell the name you'd like to use. Decrease the spacing in between the letters until they are all welded together to create one item. Select your accent design (snowflake, Christmas tree, etc) and add it to your design, ensuring it overlaps in enough areas to make it stable once cut. Group the entire image, the name and the accent, to make it your first layer.

STEP 2

Add all of the other layers of your accent and alternating letters of the name to create contrast.

STEP 3

Cut, assemble, add your ribbon (I used a small hole punch to create the hole for my string), and enjoy!
