STEP 1

Using light lavender cardstock and Scandinavian Christmas Cards, cut card 2 @ 5.25", stretched lengthwise to the 6" line on the virtual mat.

Cut Happy Holidays @ 1.25", add a blackout layer by hiding as many of the contours on the inside of the cuts as you can.

STEP 2

With white glitter paper and Snow Friends, cut snowperson 7 @ 4" along with her layers in the cardstock of your choice. I used the hat from snowperson 8. I also hid the contours on the snow woman's face where the earmuffs she should be wearing fit. I decorated the hat with pompoms and a tiny jingle bell.

Cut a piece of snowflake cardstock and adhere to front of card.

STEP 3

Glue googly eyes in the indicated areas on her face. Draw the nose and lips in with stickles. Assemble scarf and apron cuts and adhere to snowman where indicated. Adhere gloves then scarf. Put pearls where indicated on front between the scarf and apron. Adhere snow woman and sentiment onto card.
