STEP 1

Cut out chicks using Cricut machine. I used a 1.75 inch chick. Then ink the edges and adhere to egg using pop-dots.

Easter 2014

STEP 2

Cut rings out of medium to heavy cardstock. I chose a 1 inch width. I recommend glue instead of a tape gun to attach ends of your rings or they may pop apart.

STEP 3

Cut eggs using Cricut machine. I used a 3 inch egg. You will need the front design as well as the background. I used the same cardstock for the background as the napkin ring. Glue top and bottom layer of the egg together, then attach to napkin ring over the seam where you glued the ring. I used a tape gun to adhere the egg to the ring.
