CRICUT®: WHAT WAS USED

Gypsy™ handheld design studio for Cricut®

"Just Because" Cards Cartridge

Mini Monsters Cartridge

OTHER MATERIALS NEEDED

Inkadinkado - Scary Night Stamps

DCWW - Witch's Brew Paper Stack

3D Stickers

STEP 1

Using the gypsy (or design studio), weld one side of a square card (from the "Just Because Cards" cartridge) to the fence <fence2> from "Mini Monsters". On the other side of the card, weld the tree, <tree-s>, from "Happy Hauntings". Make sure you flip both the fence and the tree horizontally first before welding them to the card!

Hint: For the tree, make sure you hide the face! I used the light yellow pattern from DCWW's "Witch's Brew" Paper Stack for the card. It is one-sided paper.

STEP 2

After, you have cut the card out, fold both the fence and the tree inward. Using black cardstock, cut a 2nd spooky tree (this time, do not flip it and do not hide the face). Glue this layer on top of the welded tree.

STEP 3

Using black ink, stamp the starry sky and pumpkin to the card, behind the tree and fence

Hint: The stamps I used for this card were Inkadinkado's "Scary Night"

STEP 4

Attach a 3D sticker between the fence and tree to hold them together.
