WELCOME BABY CARD

Design by: [SmallTownScrapping](#) (5 Projects)

About me: I'm a certified biology teacher living in small town, USA. I enjoy boating, cooking, country music, cardmaking and scrapbooking, and picnics in cemeteries.

Project skill level: moderate

Project time: 30 minutes to 1 hour

Project tags: [Baby Shower](#) [Classic](#) [Baby Boy](#) [Girl](#) [Baby Cards](#) [Naturalist](#) [Clean & Simple](#)

A purr-fect way to welcome a new bundle of joy! This simple card may just elevate you to God-parent status!

CRICUT®: WHAT WAS USED

Cricut® Accent Essentials Cartridge

Gypsy™ handheld design studio for Cricut®

"Just Because" Cards Cartridge

OTHER MATERIALS NEEDED

Autumn Leaves "Mindy's Zoo" Stamp

Tim Holtz Distress Ink - Olive

Cardstock: blue white light green

Scissors

DCW - "Blossom" Paper Stack

CuttleBug - Paper Lace II Folders

Black Stamping Ink

STEP 1

Cut out a square card from "Just Because Cards".

Hint: I used the yellow paper from DCW's "Blossom" stack.

STEP 2

Weld together two square borders from "Elegant Cakes", using the gypsy or CCR. Cut the border from blue cardstock. Trim off one end with scissors, and line it up with the edge of the card.

STEP 3

On a square of white cardstock, stamp the baby lion from "Mindy's Zoo" clear stamp set in black. Color the lion in using chalk.

Hint: I used a pale orange color for the body, light and dark brown for the mane, and pink for the nose and ears. You may also use colored pencils or markers to give it some dimension! You may also want to add grass by making short lines in various shades of green chalk.

STEP 4

Create a frame for the lion by placing one square inside of another larger one on CCR or using the gypsy.

Hint: I used the stripe pattern from DCW's "Blossom" stack.

STEP 5

Cut out the phrase "Welcome Baby" from the "Holiday Cakes" cartridge in blue (or make your own out of any font by welding the letters together)!

STEP 6

Using the "Create A Critter" cartridge, cut out the grass patch from the accessories section in a light green. Ink the edges if you wish with distress ink and/or emboss using Cricut's Cuttlebug

Hint: I used the Cuttlebug Paper Lace II folder for embossing the grass and Tim Holtz's olive distress ink.
