BACK TO SCHOOL SEWING CARD

Design by: Yups (3 Projects)

About me: I love to create in the form of fine arts, writing and crafting.

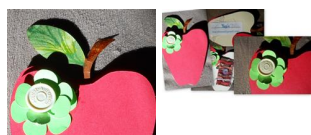

Project skill level: easy

Project time: less than 30 minutes

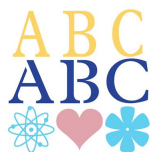

Project tags: School Fall Party

Decorations/Favors Teacher Gifts/Cards School Layouts School Cards Gifts Clean & Simple

Using my cricut mini I created these cute sewing cards to hand out the first day of school to teachers, and staff.

CRICUT®: WHAT WAS USED

Plantin SchoolBook Cartridge

Flower Shoppe Cartridge

Cricut Mini®; Personal Electronic Cutter

OTHER MATERIALS NEEDED

Red cardstock

Ivory cardstock

copic markers for stem and leaf

STEP 1

Once all the pieces are cut it is time to assemble the card. Cut out the stem and leaf on the red apples.

Back to school sewing card

STEP 2

Color the stem and leaf on the ivory card stock front and back, or you can cut more card stock in the color and glue them on. I used my copic markers to color my stem and leaf.

Back to school sewing card

STEP 3

I bought my sewing supplies at the dollar tree, so you can make all of cards with just a couple dollars. Using a 2x2 inch fabric square, I folded it in half, pinned a hand sewing needle to it, a safety pin, and glued a button on. I then glued the fabric to the inside of the card. Using thread I wrapped it around the inside of the card several times, and used masking tape to tape the back of the ivory cardstock to keep the thread in place.

Inside and out

STEP 4

I then took both red cardstock apples and added the front and back to the ivory card. Using an adjustable button as a brad, and my flower shoppe scallop flower to the hole to keep it together. This project was very easy and fast. I made eight in less than half an hour.

Inside and out

STEP 5

Using plantin schoolbook, tall ball apple, around 4". I made four on a sheet, and reversed two so the holes will line up when assembling. I then cut out the four images in red cardstock.

STEP 6

I then repeated step one but used ivory cardstock for the inside of the apple.

STEP 7

I then used a green cardstock to add the flower shoppe flower. I used scallop four, at about one inch. I used two to make the flower. You can cut our alot if you plan to make many, or just cut out the two and save the paper.
